PROFILE

Information Technology student and AI-assisted Full Stack Developer with experience in building scalable web applications, AI-integrated systems, and automation-focused development workflows. Specialized in React, TypeScript, Firebase, FastAPI, and modern AI-assisted engineering practices. Experienced in managing collaborative software projects, developing educational platforms, and creating responsive digital solutions for academic and real-world applications.

EXPERIENCE

Lead Full Stack Developer | 2025 - Present

MathPulse AI

- Developed an AI-powered educational platform with role-based access systems and gamification.
- Built scalable frontend architecture using React and TypeScript.
- Integrated Firebase and FastAPI backend systems.
- Implemented AI-assisted educational workflows and chatbot integrations.
- Managed development planning, feature implementation, and UI/UX improvements.

Research and Full Stack Development Project | 2025

Zhi Wei Zai Online Ordering Platform

- Developed concepts for a web-based ordering and promotion platform.
- Focused on improving customer engagement and financial performance through digital solutions.
- Contributed to systems planning, interface design, and responsive user workflows.

AI Automation Developer | 2025 - Present

Independent Projects

- Built AI-assisted coding and automation workflows for rapid software development.
- Experimented with AI integrations, productivity pipelines, and development automation tools.
- Applied modern AI-assisted engineering methods for faster prototyping and iteration cycles.

EDUCATION

Bachelor of Science in Information Technology (BSIT)

Pamantasan ng Lungsod ng Valenzuela | 2023 – Present (4th Year)
Valenzuela City, Philippines

Senior High School — ICT Track

Our Lady of Lourdes College | 2020 – 2022
Valenzuela City, Philippines

Strand: Information and Communications Technology · Programming Fundamentals

Junior High School

St. Louis College of Valenzuela | 2016 – 2020
Student Council Member · Consistent Honor Student

SKILLS

- Languages & Mobile:** TypeScript · JavaScript · Python · Dart · HTML · CSS · Flutter
- Frontend:** React.js · Next.js · Tailwind CSS · shadcn/ui · Responsive Web Design · UI/UX Design
- Backend:** FastAPI · Django · Firebase · Node.js · REST APIs · PostgreSQL · MongoDB
- AI & Automation:** OpenAI API · Claude API · Hermes Agent · Hugging Face · Prompt Engineering
- Tools:** Git · GitHub · Docker · Vercel · Figma · Jira · Adobe Creative Suite · Microsoft Office Suite
- Practices:** Agile Collaboration · Project Planning · Technical Documentation
